

# British Tamils Forum (BTF)

UK-registered diaspora civic federation, founded 2006; member of the Global Tamil Forum.

---

The British Tamils Forum (BTF) is a UK-based Tamil diaspora civic federation founded in 2006 to coordinate UK Tamil political advocacy on Sri Lanka. It is a constituent member of the Global Tamil Forum and engages with the UK All-Party Parliamentary Group for Tamils, the FCDO, and devolved legislatures. Its public submissions sit on the record alongside those of GTF, USTPAC, Tamils Against Genocide and PEARL.

## §1 What it does

BTF organises commemorations, parliamentary briefings, submissions into UNHRC sessions, and engagement with UK political parties. It maintains a published positions register and contributes to the APPG for Tamils' research base. It does not operate as a fundraising entity for any party on the island.

## §2 How TLTE relates

BTF is one of multiple UK diaspora civic federations whose work TLTE cites and routes to. TLTE does not duplicate BTF intake, does not speak for the BTF constituency, and does not solicit BTF funds. The relationship is citation and reference only.
