Policy asks

- UK Government (FCDO): State HM Government's position on the operative paragraphs of HRC Resolution 57/1 that solicit civil-society documentation for evidence preservation on Sri Lanka, and on the role of UK-registered civil-society standards documents in supporting that work.
- UK Government (DCMS): Reaffirm UK alignment with the principles of the UNESCO Memory of the World Programme and identify UK institutions qualified to carry nominations of Tamil documentary heritage prepared to MoW standard.
- UK Government (Home Office, policy): Recognise that referral-only standards documents in UK CIC / CIO vehicles do not require operational counter-terrorism scrutiny when their public posture meets the Civic Protection Doctrine guardrails.
- APPG for Tamils: Convene a standing roundtable on diaspora-led civilian standards architecture under HRC 57/1 and the Right to Truth.

Draft parliamentary questions

- [FCDO] To ask the Secretary of State for Foreign, Commonwealth and Development Affairs, what assessment has been made of the role of UK-registered civil-society standards documents — including those held in UK Community Interest Companies and Charitable Incorporated Organisations — in supporting evidence preservation under the OHCHR Sri Lanka Accountability Project.
- [DCMS] To ask the Secretary of State for Culture, Media and Sport, which UK institutions are qualified to carry nominations to the UNESCO Memory of the World Programme prepared by diaspora civil-society documentation centres.
- [Home Office] To ask the Secretary of State for the Home Department, what guidance the Department applies to referral-only standards documents held in UK CIC or CIO vehicles that route inbound queries to accredited international partners such as the International Commission on Missing Persons.
- [FCDO] To ask the Secretary of State for Foreign, Commonwealth and Development Affairs, what HM Government's position is on the application of the Minnesota Protocol, the Berkeley Protocol, and ISO/IEC 17025 to civilian documentation work touching the post-2009 Sri Lankan accountability file.

Civic remembrance

The Land Hub is a standards document, not a service. It is referral-only on forensics, intake-free on survivors, and homeland-operations-free during Aarambam. Every refusal cites the instrument that demands it. Every operational detail is sealed in Vault RB-12 under Archon authorisation. UK Lobbying Act 2014 transparency note applies on every printed brief.

Pack rules

- Never frames the Land Hub as a forensic, operational, intake, or judicial body.
- Never names individual trustees, donors, partners under MoU negotiation, or potential homeland sites.
- Never proposes any UK Government endorsement of TLTE — proposes only HMG positions on the underlying UN instruments and standards.
- Always pairs every refusal with the UN instrument that demands it (see /land-hub/refusals).
- Always reads forensic and standards references via accredited partners (ICMP, ITJP, OHCHR Special Procedures, ICRC) — never via TLTE.
- Lobbying Act 2014 transparency note on every printed brief.

Transparency

Published under the UK Transparency of Lobbying Act 2014 posture. TLTE C.I.C. is a community interest company, not a state, party or charity. Era: Aarambam (founding).
