

MP Pack #29 — Contained Fire: capacity, absence, and the seventeen-year silence — MP Evidence Pack

A UK-Parliament briefing pack anchored on the Nataraja Doctrine (Doctrine · III at docs.tlte.cloud). Tier-A on capacity (IISS, Jane's, Hashim 2013, Pape 2005). Tier-A on absence (UN PoE 2011, OHCHR OISL 2015, START GTD, UK Home Office CONTEST, Europol TE-SAT). The pack cites both panels and draws no editorial bridge — the seventeen-year silence is the finding. For use in FCDO questions on post-conflict diaspora threat picture, Home Office CONTEST briefings, and APPG for Tamils sessions.

Policy asks

- UK Government (FCDO): State HM Government's assessment of the post-2009 diaspora threat picture across UK · EU · Five Eyes jurisdictions, with reference to the UK Home Office CONTEST annual reports (2010–2024), Europol TE-SAT (2010–2024), the US State Department Country Reports on Terrorism (2010–2024), and the START Global Terrorism Database.
- UK Government (Home Office): Confirm whether any successor political-military formation of the LTTE has been identified by any Tier-A monitor (ICG, Amnesty International, Human Rights Watch) since 2009, and whether HM Government's CONTEST framework reflects that finding.
- UK Government (FCDO): Set out HM Government's position on the UN Panel of Experts (2011) and OHCHR OISL (2015) findings on the absence, in the final months of the armed conflict, of any Tier-A recorded mass-casualty attack on Colombo civilian centres, any CBRN incident on any OPCW/UNODA record, and any mass human-wave breakout from the no-fire zone.
- APPG for Tamils: Convene an evidence session on the Nataraja Doctrine (Doctrine · III at docs.tlte.cloud) as the archive's public posture — capacity cited, absence cited, no editorial bridge — and its use in UK reception of the Sri Lanka accountability file.
- UK Government (FCDO): Confirm whether HM Government's Sri Lanka reception calendar (UNHRC 60/1 follow-up, EU GSP+ biennial monitoring, next UPR cycle) is read against both the Tier-A capacity record and the Tier-A absence record cited in the Contained Fire pack.

Draft parliamentary questions

- [Home Office] To ask the Secretary of State for the Home Department, what assessment has been made of the post-2009 record of terror attacks in the United Kingdom attributed to any successor of the LTTE, with reference to the UK Home Office CONTEST annual reports (2010–2024) and the START Global Terrorism Database.
- [FCDO] To ask the Secretary of State for Foreign, Commonwealth and Development Affairs, whether HM Government's Sri Lanka position takes account of the UN Panel of Experts Report (2011) and the OHCHR OISL A/HRC/30/CRP.2 (2015) findings on the absence, in the final months of the armed conflict, of any Tier-A recorded mass-casualty attack on Colombo civilian centres.
- [FCDO] To ask the Secretary of State for Foreign, Commonwealth and Development Affairs, whether any successor political-military formation of the LTTE has been identified by any Tier-A monitor — including the International Crisis Group, Amnesty International, or Human Rights Watch — since 2009.
- [Home Office] To ask the Secretary of State for the Home Department, what assessment has been made of the Europol TE-SAT reports (2010–2024) and the US State Department Country Reports on Terrorism (2010–2024) in respect of post-2009 diaspora-linked terror attacks across the European Union and Five Eyes jurisdictions.
- [FCDO] To ask the Secretary of State for Foreign, Commonwealth and Development Affairs, what representations HM Government has made to the Government of Sri Lanka on the OHCHR Sri Lanka Accountability Project (OSLAP) under HRC resolution 60/1, read in the light of the seventeen-year Tier-A

absence record cited in the Nataraja Doctrine (Doctrine · III, TLTE, Aarambam).

Civic remembrance

The pack names no perpetrators, no serving personnel, no survivors, and no families. It does not glorify any proscribed organisation — UK Terrorism Act 2000 §12 is respected in every line. It draws no editorial bridge between the capacity panel and the absence panel; the seventeen-year silence is the finding.

Pack rules

- Never names an individual perpetrator, serving officer, survivor, or family.
- Never aggregates its own counts on capacity or absence — Tier-A sources are quoted verbatim.
- Never frames the doctrine as a defence of the LTTE, a manifesto, or a forecast.
- Always pairs the capacity panel and the absence panel; never cites one without the other.
- Analogy · not identity: the Nataraja frame is civic grammar, not religion, not physics, not 'quantum consciousness'.
- UK Terrorism Act 2000 §12 respected in every line; UK Lobbying Act 2014 transparency note on every printed brief.

Transparency

Published under the UK Transparency of Lobbying Act 2014 posture. TLTE C.I.C. is a community interest company, not a state, party or charity. Era: Aarambam (founding).
